

Luke Straut is 8 years old. He has been raising butterflies since he was 3 years old! He was inspired to write this poem from watching metamorphosis.

Lifecycle of a Butterfly
by Luke Straut

Placed atop a leaf
Delicate egg, cute and round
Entering the world

Eating scrumptious leaves
Constantly munching, crunching
Growing with each bite

Enclosing myself
Suspended, still, and waiting
About to grow wings

Exhilarating!
Wings are ready; time to fly!
Soaring through the breeze
