

TJ lives in Avon, CT and loves playing the cello and spending time with his family. He recently discovered a passion for poetry!

What It Could Have Been

by TJ Tossing

As the world slowly spins
I wonder,
I wonder what it could have been.

All the trash on the ground,
it would be gone, and never would be found.

All the animals that once lived,
they would be alive again,
and that's what it could have been.

And it can be that.
If we all work hard to help the

world.
