## THE LIFE OF EARTH

by Julianna Sakowski

I want to be with Saturn  
but Saturn only likes Jupiter  
I just cut Jupiter's shoelace  
They're a real disgrace

I am annoyed  
I could scream  
but instead  
I'll settle for ice cream  
I have air  
but not hair  
I set California on fire  
Oops! I should retire

I have water  
but not a daughter  
I have land  
and also some sand

I hate those who litter  
It makes Mars bitter  
it makes me sick  
It gives me the ick

plastic bags,  
cans, and  
cones  
people even throw in their phones  
when I have trash  
I will crash

I am handsome  
I am happy  
I am awesome  
I am nice  
Humans, you're on thin ice

bye bye  
see you soon  
maybe you can  
talk to the moon
