

Tessa is a fourth grader who loves to learn. She is an avid hockey player and loves to spend time with her friends.

Ode To Earth
by Tessa Carville

Oh Earth

Green and Blue

We hope you know

that we all love you

Beautiful plants

That simply enchant

On Earth

Far and near

There are creatures living here

Beautiful trees, short and tall

They look pretty during fall

There's no comparing Earth to others

Not even my own mother!

And don't forget

Not just yet

Earth's the best

There's no comparing to the rest!
