

Rowenna Doucette is an eight-year-old fourth grader who loves epic fantasy, singing with her local youth choral, and all things dragons. She can't get enough of Jack Prelutsky's silly poems, or the world ending stakes of *Amari & the Nightbrothers*, *Skandar & the Unicorn Thief*, or *Fireborn*. When not hoarding all the dragon stories and items she can find, Rowenna enjoys exploring local parks, playing the piano, and singing.

Reaching for the Sky
